

## Physics Revision Checklist

	Topics	Lecture Notes	Tutorial	TYS	Past Yr Papers	Additional Exercise	Week 1	Week 2	Week 3	Week 4
	<b>Mechanics</b>									
1	Kinematics									
2	Dynamics									
3	Forces									
4	Work, Energy, Power									
5	Circular Motion									
6	Gravitational Field									
	<b>Thermal Physics</b>									
1	Ideal Gas									
2	Temperature									
3	Thermal Properties									
	<b>Waves</b>									
1	Oscillation									
2	Waves									
3	Superposition									
	<b>Electricity &amp; Charges</b>									
1	Electric field									
2	Capacitance									
3	Current of electricity									
4	D.C Circuits									
5	AC Circuits									
6	Analogue Electronics									
7	Charged Particles									
	<b>Electromagnetism</b>									
1	Magnetic Field									
2	Electromagnetism									
3	EMI									
	<b>Modern Physics</b>									
1	Quantum Physics									
2	Nuclear Physics									
	<b>Option Topic</b>									
1	Physics of Fluids									

"Success is a process, not a destination..."
